“This is the second year that Twin-Star has volunteered their time to help a family in need.”

Photo/Twin-Star

This is the second year that Twin-Star has volunteered their time to help a family in need.

On Tuesday December 22nd, Twin-Star employees loaded up their cars with a ClassicFlame electric fireplace and gifts for the Del Valle family, who they sponsored this year through the Adopt-A-Family program in Palm Beach County.

Twin-Star is the rent-to-own industry's leading supplier of electric fireplace units.

This is the second year that Twin-Star has volunteered their time to help a family in need. "Even in tough times it's clear that we have enough when others have so little. Reaching out to those families during the holidays feels natural and right." said Denise Kantrowitz, Twin-Star's VP of Finance.

One thing's certain, the Del Valle's Holiday will be a warm and bright one this year.

RTO Online is the official channel for Rent-to-Own Industry News and the only independent source of news for the rent-to-own, rental-purchase, lease-purchase trade. RTO Online (Rent to Own Online) represents the choice of the entire RTO Industry for trusted information, as it happens.
